

## It's Time To Raise Funds And Switch To LEDs!

### The Town That Cares Fundraiser

Fundraiser Runs: June 6, 2015 to June 30, 2015

Dear West Hartford Residents:

The West Hartford Clean Energy Task Force is introducing an environmentally-friendly, state/utility-sponsored fundraiser that will save you money and support our town! We are selling energy-saving LED light bulbs, with 50% of the proceeds going to **The Town That Cares**. The Town That Cares is a special fund established by Department of Human and Leisure Services. The fund assists residents experiencing a crisis situation hindering their ability to pay for food, utility bills, shelter costs, medical expenses and other critical needs. It is funded 100% by contributions from generous individuals, businesses and community groups. By purchasing LEDs for your home, you'll support our town, lower your electric bill, and help protect the environment!

**4 LEDs for just \$10**

*The Perfect Fundraiser!*

*The Town That Cares*

Receives 50% of the Proceeds

- 1) Each kit contains 4 TCP 60w equivalent, warm, dimmable, LED bulbs. LEDs generate the same light as standard light bulbs but use 80% less energy and last up to 25 years. **Each household may purchase up to 3 kits of LEDs.**
- 2) The Shining Solutions Fundraiser is sponsored by Energize CT. Energize CT is a statewide program administered by Eversource and United Illuminating.
- 3) Orders will be delivered to the West Hartford Town Hall. **You can pick-up your bulbs in the Town Hall lobby on:**
  - Wednesday, July 22, 7-9 PM (Clean Energy Task Force meet & greet)
  - Friday, July 24, 10-12 PM
  - Tuesday July 28, 11-1 PM
