“St. Patrick’s Day of Health Awareness”
Saturday, March 19, 2016 ~ 10:00 am to 4:00 pm
490 New Park Avenue, West Hartford

To benefit the Ron Foley Pancreatic Cancer Foundation

Raymour & Flanigan is offering businesses and organizations the opportunity to display your products and services in its West Hartford showroom for the day.

With a \$40 donation to the *Ron Foley Pancreatic Cancer Foundation*, our chosen West Hartford charitable organization for this event, you will get a prime location in our showroom and a 30” x 72” table with a black tablecloth to showcase your company.

Along with representatives from the Ron Foley Pancreatic Cancer Foundation, we are also inviting various health organizations such as the Red Cross, the Cancer Center at the Hospital of Central Connecticut and the American Heart Association who will be set up for blood donations, health screenings and to answer question about health concerns.

Another fun feature of the day is a “Tea Cup” auction to raise more funds. A donation from you for the auction would be welcomed and appreciated.

Our goal is to have 100 people attend the event to meet you and the health organizations, while enjoying food and beverages in our showroom.

Thank you for your support and please contact me if you have any questions.
