

This logo is used on letterhead, business cards, web site. The image depicts the old and new town hall, First Church, homes, and the landmark Noah Webster statue.

Logo since 1988

This is an edited version with no words or book

In 2009, the logo was cut in half when Blue Back Square came on board in 2007. The old town hall was now Fleming's and former Besito's restaurants. But in 2015, the Town Manager wanted the logo to return to its original full size, stating 'we are a community of homes and businesses.'

Seals are used on maps and car magnets. Various departments created their own updated version.
