

Beautify Bishops Corner

The Bishops Corner Neighborhood Association invites you to participate in a beautification program for Bishops Corner. We have partnered with the Knox, Inc. who will once again provide and maintain planters in Bishops Corner. Each planter will cost \$240 (tax incl.) The Knox, Inc. will deliver, pick up, water, maintain, and replace dead flowers, from June – November 2021.

Your Business sponsorship of \$240 will include:

- Business listed in BCNA publicity
- Business logo on website and **Logo on planter signage**

Benefits of a KNOX Blooms Planter:

Calms traffic, reduces the heat island effect, lowers crime rate, increases property values, creates a pedestrian friendly, walkable streetscape, and instills a greater sense of well-being & community pride. Every planter purchased empowers training and jobs for unemployed Hartford residents who are in need of a second chance.
